EXPERIENCE

Computer Society of India | *Member*   Sept.2023 - present
Contributed by organizing and participating in technical workshops, coding competitions, and seminars.

Software Development Cell,MSI | *Member*   April 2024 - present
Collaborated on designing, developing, and deploying applications to streamline campus operations.

PROJECTS

People Care - Hospital Management System   Link to Code
The Hospital Management System, powered by the MERN stack, enables administrators to add doctors, manage patient appointments, add other admins, and view patient queries. This ensures streamlined processes and efficient hospital management.

OnTheGo- Real Time Live Tracking App   Link to Demo
Developed the Live Tracker Application using Node.js, Express.js, Leaflet, and Socket.IO to provide real-time location tracking on an interactive map. Designed for fleet management and delivery tracking, it offers seamless, dynamic updates for an enhanced user experience.

IMDB CLONE   Link to Demo
Developed a responsive IMDb clone using HTML, JavaScript, React.js, and Tailwind CSS, offering users a platform to explore upcoming releases, popular films, and detailed movie information.

Crown Talk- Real Time Chat Application   Link to Code
Developed "Crown Talk," a dynamic chat application using JavaScript, CSS, HTML, and Node.js, connecting people globally and fostering real-time communication and collaboration through a seamless, intuitive interface.

MIRANDA   Link to Demo
Developed "Miranda," an ambitious project meticulously cloning the front-end of the original Miranda website. Utilized JavaScript, CSS, and HTML to replicate the visual and interactive elements, creating an accurate and functional clone.

EDUCATION

2022-25	Bachelor's Degree at **Maharaja Surajmal Institute**	(CGPA: 9.2/10)
2021-22	CBSE Senior Secondary School Examination	(Percentage:86)
2019-20	CBSE Secondary School Examination	(Percentage:75)

TECHNICAL SKILLS

Languages/Frameworks:	C/C++, Java, HTML/CSS, Javascript, Talwind CSS, React.js, Node.js, MongoDb, Express.js
Courseworks:	OOP, DSA, DBMS, Web Developmet, Data Science.Computer Organisation,Computer Networks,Digital Marketing.
